Organised by The Bartlett School of Architecture, University College London in collaboration with The Building Centre London, FABRICATE will bring together global pioneers in design and making within architecture, construction, engineering, manufacturing, material and software design.

Reviewed by our international panel of experts, projects presented at the conference will be selected through our call for work. Complementing the conference will be an international publication. *FABRICATE: Making Digital Architecture* will disseminate selected work alongside a series of thematic essays by world leading architects and engineers. We welcome submissions of all scales and stages of realisation.
